#### **WHEELCHAIR OPTIONS/ACCESSORIES REIMBURSEMENT CHANGES**

Effective for dates of service on or after August 1, 2008, MO HealthNet will implement changes to wheelchair options/accessories. Please reference attachment A for an updated listing of wheelchair options/accessories. The attached listing reflects the addition of maximum allowable amounts to some previously manually priced items, changes in reimbursement guidelines and the addition of the RP modifier to allow billing and reimbursement of replacement options/accessories as indicated below. Claims for dates of service on or after August 1, 2008 for HCPCS codes shown in attachment A must meet the requirements shown to be reimbursed.

#### **WHEELCHAIRS AND OPTIONS/ACCESSORIES FOR NURSING HOME PARTICIPANTS**

Effective for dates of service on or after August 1, 2008, MO HealthNet will require the use of the item specific HCPCS code for all wheelchairs and wheelchair option/accessories for nursing home participants. The modifier SC must be added to the HCPCS code along with the appropriate NU (purchase) or RR (rental) modifier (see below for repairs). Prior authorization requests and certificates of medical necessity received for dates of service on or after August 1, 2008, that do not utilize the designated HCPCS code when one is available will be denied. All wheelchair bases, initial options/accessories, and upgrade options/accessories for participants residing in a nursing home require prior authorization.

Services authorized prior to August 1, 2008 under procedure code E1220, E1161, and K0108 for dates of service beyond August 1, 2008 must be billed as shown on the approved prior authorization request.

Please note: MO HealthNet reimbursement for wheelchairs and wheelchair options/accessories for participants residing in a nursing home is limited to patient owned custom or power wheelchairs. Custom wheelchairs must meet the definition of a custom wheelchair as defined in MO HealthNet Durable Medical Equipment Provider Bulletin Volume 30, Number 69, dated June 2, 2008. Reimbursement for all other manual wheelchairs and options/accessories is included in the nursing home per diem.

### **WHEELCHAIR OPTION/ACCESSORY REPLACEMENT AND REPAIR FOR PARTICIPANTS RESIDING IN A NURSING HOME**

Effective August 1, 2008 the MO HealthNet Division will reimburse wheelchair option/accessory replacement and repair as stated below (under Wheelchair Option/Accessory Replacement and Repair) for patient owned custom or power wheelchairs for participants residing in a nursing home; however, the SC modifier must be included with the appropriate HCPCS code and RP modifier.

### **WHEELCHAIR OPTION/ACCESSORY REPLACEMENT AND REPAIR**

Effective August 1, 2008 the MO HealthNet Division will implement the following changes regarding claim filing for replacement of wheelchair options/accessories.

- The appropriate HCPCS code for the specific option/accessory must be billed. The routing modifier, RP, must always be used when the accessory is a replacement for the same part. The RP modifier and the SC modifier must be used for participants residing in a nursing home.
- The procedure code Z0160RP or Z0160RPSC may be used for replacement items that do not have a HCPCS code and have an MSRP of \$500 or less. Items with an MSRP greater than \$500 must be prior authorized utilizing procedure code K0108RP and K0108RPSC.
- Items that are new additions or upgrades to a wheelchair must not be billed with the RP modifier. The RP modifier is to only to be utilized for replacement of existing options/accessories.
- Labor required for replacement of an option or accessory, or repair of a wheelchair may be billed under the procedure code E1340RP or E1340RPSC (Repair or non-routine service for DME requiring the skill of a technician, labor component, per 15 minutes). One unit of labor is equal to 15 minutes of time.
- A Certificate of Medical Necessity Form is required for most option/accessory replacement codes and the labor code. The labor code and option/accessory codes should be included on the same Certificate of Medical Necessity form. The Certificate of Medical Necessity must document the following:
  - Make and model name of the wheelchair;
  - The initial date of service for purchase of the wheelchair;
  - Medical necessity for replacement for each option/accessory code; and
  - An explanation of the time involved

**BASIC EQUIPMENT PACKAGE**

Power wheelchairs, power operated vehicles and manual wheelchairs are required to include certain items on initial issue. These items are considered the basic equipment package. There is no separate billing/payment for these items at the time of initial issue. MO HealthNet will follow Medicare's guidelines regarding basic equipment packages. Below is a listing of the items included in the basic equipment package for power wheelchairs, power operated vehicles and manual wheelchairs.

**Power Wheelchair Basic Equipment Package**

Each power wheelchair code is required to include all of these items on initial issue. No separate billing at the time of initial issue is to be made for these items unless otherwise noted.

- Lap belt or safety belt. Shoulder harness/straps or chest straps/vest may be billed separately.
- Battery charger
- Complete set of tires and casters, any type.
- Leg rests. There is no separate billing/payment if fixed, swingaway, or detachable non-elevating leg rests with or without calf pad are provided. Elevating leg rests may be billed separately.
- Footrests/foot platform. There is no separate billing/payment if fixed, swingaway, or detachable footrests or a foot platform without angle adjustment are provided.
- There is no separate billing for angle adjustable footplates with Group 1 or 2 PWCs. Angle adjustable footplates may be billed separately with Group 3, 4 and 5 PWCs.
- Armrests. There is no separate billing/payment if fixed, swingaway, or detachable non-adjustable height armrests with arm pad are provided. Adjustable height armrests may be billed separately.
- Any weight specific components (braces, bars, upholstery, brackets, motors, gears, etc.) as required by patient weight capacity.
- Any seat width and depth. Exception: For Group 3 and 4 PWCs with a sling/solid seat/back, the following may be billed separately:
  - For Standard Duty, seat width and/or depth greater than 20 inches;
  - For Heavy Duty, seat width and/or depth greater than 22 inches;
  - For Very Heavy Duty, seat width and/or depth greater than 24 inches;
  - For Extra Heavy Duty, no separate billing.
- Any back width. Exception: For Group 3 and 4 PWCs with a sling/solid seat/back, the following may be billed separately:
  - For Standard Duty, back width greater than 20 inches;
  - For Heavy Duty, back width greater than 22 inches;
  - For Very Heavy Duty, back width greater than 24 inches;
  - For Extra Heavy Duty, no separate billing.
- Controller and Input Device. There is no separate billing/payment if a nonexpendable controller and a standard proportional joystick (integrated or remote) is provided. An expendable controller, a nonstandard joystick (i.e., nonproportional or mini, compact or short throw proportional), or other alternative control device may be billed separately.

Nonstandard seat dimensions and nonstandard back dimensions should be billed with code K0108. No separate billing at the time of initial issue is to be made for these items unless otherwise noted.

Power Operated Vehicle Basic Equipment Package

Each power operated vehicle is to include all these items on initial issue.

- Battery or batteries required for operation
- Battery charger
- Weight appropriate upholstery and seating system
- Tiller steering
- Non-expandable controller with proportional response to input
- Complete set of tires
- All accessories needed for safe operation

All options and accessories are included in the initial issue.

Manual Wheelchair Basic Equipment Package

- Seat width: 15"-19"
- Seat depth: 15"-19"
- Calf rests
- Wheel lock assembly
- Hand rims
- Upholstery
- Bearings
- A complete set of tires and casters.
  - Exception - the following may be billed separately:
    - Insert for pneumatic propulsion tire (removable), any type;
    - Foam filled propulsion tire, any size;
    - Foam filled caster tire, any size;
    - Foam propulsion tire, any size;
    - Foam caster tire, any size;
    - Front caster assembly with solid tire
- Armrests: fixed, swingaway or detachable; fixed height
- Footrests: fixed, swingaway or detachable

**Provider Bulletins** are available on the MO HealthNet Division (MHD) (Formerly the Division of Medical Services) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>. Bulletins will remain on the Provider Bulletins page only until incorporated into the [provider manuals](#) as appropriate, then moved to the Archived Bulletin page.

**MO HealthNet News:** Providers and other interested parties are urged to go to the MHD Web site at <http://dss.missouri.gov/mhd/global/pages/mednewssubscribe.htm> to subscribe to the electronic mailing list to receive automatic notifications of provider bulletins, provider manual updates, and other official MO HealthNet communications via E-mail.

**MO HealthNet Managed Care:** The information contained in this bulletin applies to coverage for:

- MO HealthNet Fee-for-Service
- Services not included in MO HealthNet Managed Care

Questions regarding MO HealthNet Managed Care benefits should be directed to the patient's MO HealthNet Managed Care health plan. Before delivering a service, please check the patient's eligibility status by swiping the red MO HealthNet card or by calling the Interactive Voice Response (IVR) System at 573-635-8908 and using Option One for the red or white card.
